

Anatomy for The Artist

ANATOMY FOR THE ARTIST has become a classic in its field - a reference work of unparalleled importance for all professionals and students of art, and an invaluable aid for those learning to draw. Professor Barcsay (1900-1988), who taught applied anatomy at the Budapest Academy of Fine Arts, offers a detailed portrayal of the human body for the fine artist in 142 full-page plates, illustrating magnificently a subject that has fascinated artists for centuries.
