

Clarity (Clarity Novel)

When you can see things others cant, where do you look for the truth? This paranormal murder mystery will have teens reading on the edge of their seats. Clarity Clare Fern sees things. Things no one else can see. Things like stolen kisses and long-buried secrets. All she has to do is touch a certain object, and the visions come to her. Its a gift. And a curse. When a teenage girl is found murdered, Clares ex-boyfriend wants her to help solve the case--but Clare is still furious at the cheating jerk. Then Clares brother--who has supernatural gifts of his own--becomes the prime suspect, and Clare can no longer look away. Teaming up with Gabriel, the smoldering son of the new detective, Clare must venture into the depths of fear, revenge, and lust in order to track the killer. But will her sight fail her just when she needs it most?
