

The Smile of Endurance

This book is an inspirational journey seen through the eyes, mind, and heart of Alexandra Panayotou, an ultra endurance athlete who ran 2010 km in 31 days, promoting the European Athletics Championships - Barcelona 2010. Apart from taking you through the, at times, harrowing days and torturous nights, she will also take you with her on her inner voyage, allowing you to follow her thoughts and her emotions, and to participate in her struggles and triumphs. Motivational for both runners and non-runners alike, this book talks about reaching ones goals through personal excellence.
