

Integrative Leadership in Projects

Learn Not To Be In Projects By Accident People are often thrown into projects with no or inadequate training and guidance. They are left to flounder or deal with only a small part without seeing the big picture that fits it together. International Author, Consultant, and Program/Project Management Expert, Neville Garnham created this series to help you understand the bigger picture and make it easier for you to plug and play into the world of projects. This series is highly recommended for both new and experienced people. You'll learn: * 101+ practical hints and tips to help you succeed. * The essential guide to manage yourself and projects confidently. * 18 powerful leadership attributes for your success. * 7 Proven Steps for your success in Project Management. * How you can avoid painful and costly mistakes. * What to do when no-one offers you project training. * How to expand your expertise and become employer irresistible. ... a very important resource ... its power packed with very important tips and very practical advice for making your project a huge success!
