

## Not If I See You First

In the tradition of novels of Gayle Forman and John Green comes this extraordinary YA debut about a blind teen girl navigating life and love in high school. Parker Grant doesn't need 20/20 vision to see right through you. That's why she created the Rules: Don't treat her any differently just because she's blind, and never take advantage. There will be no second chances. Just ask Scott Kilpatrick, the boy who broke her heart. When Scott suddenly reappears in her life after being gone for years, Parker knows there's only one way to react--shun him so hard it hurts. She has enough on her mind already, like trying out for the track team (that's right, her eyes don't work but her legs still do), doling out tough-love advice to her painfully naive classmates, and giving herself gold stars for every day she hasn't cried since her dad's death three months ago. But avoiding her past quickly proves impossible, and the more Parker learns about what really happened--both with Scott, and her dad--the more she starts to question if things are always as they seem. Maybe, just maybe, some Rules are meant to be broken. Combining a fiercely engaging voice with true heart, debut author Eric Lindstrom's *Not If I See You First* illuminates those blind spots that we all have in life, whether visually impaired or not.
