

My Side of the Table: Memoirs of an Intuitive Healer

A healer from Santa Cruz, California relocates to a small Northern Minnesota town where she sets up her table, bringing with her an intuitive awareness and healing energy far unlike the community has seen before. Armed with her unique gifts and some prophetic words from an old friend, Seera Wolf must face the challenges of building her business in a conservative-minded town, wading her way through negativity and non-believers. During the course of her journey, Seera's eyes were opened to a new movement of healing. After decades of developing herself and studying the works of authors like Louise Hay, James Redfield, Gregg Braden and Dr. John Sarno, she parlayed her gifts and developed a unique form of wellness; that which includes the mind and body. These memoirs take you through her long journey from a displaced solo parent to a distinguished Intuitive Healer through self-determination and the help of her Ancestral Spirit Guides, showing you what it is like to be on her side of the table. Seera Wolf is a Shamanic Intuitive Healer who currently resides in Minnesota. On top of being a Certified Kemeti Yoga Instructor and enjoying raw cuisines, she can also be found frequenting the local dog parks with her wolfdog companions. For more information on her services in MindBody Wellness, Readings and Guidance and Canine Companion Guidance, please visit her at www.seerawolf.com.
