

Quran: The Final Testament (Authorized English Version)

This English translation of the Quran is the most comprehensive and precise translation available. It is written in clear, concise, and easy to understand English with extensive explanatory footnotes and appendices. The original Arabic text was analyzed by the computer and its intricate mathematical composition was gradually decoded. This book has been called the final word in contemporary religious reading. It ties together all the loose ends created by theories of recent years and truly answers the questions that have puzzled us for centuries. How do we know God exists? If God exists, what religion provides the best avenues to know Him? Where do we go after this life on earth? What is the purpose of our creation? How do we fit all the pieces of this puzzle of life together to make sense and bring happiness to our lives and to those of our loved ones? The Final Testament is a must reading for anyone seeking to make their lives complete in an emotional and philosophical sense, who needs to answer life's hardest questions before they can achieve the inner tranquility that is so vital to one's existence. This book can be read aloud and enjoyed by many or privately pondered to create an incredible feeling of inner harmony.
