

Shot Down (After the Dust Settled)

When a bullet knocks Malik and the Captains hot-air balloon out of the sky, Malik goes into wilderness survival mode. Actually, hes been in survival mode ever since the world fell apart. Whatever the crisis, hes always counted on the Gene Matterhorn Wilderness Survival Guidebook when things got crazy. Now he and the Captain are in the middle of miles of Kentucky wilderness, being chased by manhunters who believe hunting the weak is their post-apocalyptic duty. Malik is about to find out just how good his survival skills are.
