Success 101 How Life Works - Know the Rules, Play to Win provides what you need to achieve your greatest desire - fulfill your potential - achieve your destiny. Wealth and health, wisdom and power, love and respect - Get it all! You deserve more from life. Success 101 How Life Works is about having more, getting more, experiencing more. Success 101 How Life Works shows you how to embrace the opportunities life offers. Life is an adventure. Learn the secrets. Discover: - What success really means. You don't have to choose between wealth and love, health and career - you can have it all. Success is closer than you think. - The ultimate secret of success. Understand this and your life will never be the same. You will approach life, challenges, set-backs, and accomplishments, with a newfound sense of awe and wonder. You will raise your sights and elevate your game. You will play on a whole new level. - How to be healthy, fit, and attractive. Transform from flabby, weak, and unattractive to trim, strong, and sexy. Discover the one essential ingredient that separates the beautiful from the rest. Use that knowledge to make yourself into the breathtakingly attractive person you really are (get them to finally take notice of you). - How to build wealth, earn respect, and establish and maintain loving, supportive relationships. You want a luxurious car, a grand house, expensive clothes, a sexy lover - you want to have it all. Start from where you are and move in a direction that brings great things into your life. Once on the right track you will never turn back. - How to achieve more than you ever believed possible. The difference between high achievers, daring doers - those people who make the difficult look easy - and the masses who settle for just getting by, is one simple yet profound thing. Changing this one thing makes all

the difference; the difference between excellence and mediocrity, being common or uncommon, a winner or an also-ran. - The only obstacle holding you back from achieving amazing results. Just as you need one thing to propel you forward, you need to overcome one obstacle holding you back. Once you eliminate this one obstruction you become free to do, to be, to become - free to live the life you've always dreamed of. - The single most important thing that determines your success. Human beings only do three things: we feel, think, and move. In living life - feeling, thinking, moving - one thing matters most. Get that one thing right and you will achieve your heart's desire. - The three most important, inviolable laws of life or rules of the game. We live in a large, complex world, but when it comes right down to it the rules of how it all works are few and simple. Discover the three rules of the game that really matter. Play by the rules and win. - A road map for success. People often resist profound changes. If you've been resisting, then take small measured steps in a new direction every day. These will amount to change on a grand scale. Life will start anew. Success 101 How Life Works shows you how to succeed like never before.
