

War, And Going To War, Is Simply Not Of God! (The Truth Seekers Library) (Volume 14)

About the book The author looks at war in human history from Gods perspective, as made known in His word. After looking at the root causes of war in time and looking at war through the ages of time, while also providing some plausible explanations on why God has allowed war in the past, even sanctioned it at times, the author concludes that war, and going to war, is simply not of God! Some possible objections are examined and the Second Amendment to the US Constitution is also discussed. This is the authors fourteenth book in The Truth Seekers Library series. About the author Roger Henri Trepanier is an evangelist, counselor, author, editor, and publisher, who has been serving God on his field of service since 1999. This is his twenty-eighth published work in four different series. All the authors books can be viewed at the website pilgrimpathwaypublications.com.
