

Shamans Wisdom: Reclaim Your Lost Connection with the Universe or Therapeutic Approaches & Healing in the Wider Context of Human Development.

From the rainforests of the Amazon to the remotes of the Andes, an eminent seeker describes the path that brought him to discover the traditions of Huachuma shamanism. Based on the clear laws of nature in both the material and energetic dimensions, the shamans world reflects 5,000 years of Huachuma philosophies of harmony and oneness shown through totem animals, elements of nature, physical archetypes, and energy postures. His experiences offers possibilities for deep healing in all aspects of life, including wellbeing, relationships, and child rearing, and his ideas are presented as simple, profound wisdoms that are palatable and beneficial to other seekers without requiring additional shamanic experience.
