

The Chameleon: Life-Changing Wisdom for Anyone Who has a Personality or Knows Someone Who Does

In *The Chameleon*, Merrick Rosenberg teaches powerful lessons about the most interesting topic of all - you! *The Chameleon* contains 22 fables based on the Eagle, Parrot, Dove and Owl personality styles he introduced in *Taking Flight!*. Guided by an all-knowing chameleon, the characters gain meaningful insights into understanding themselves and others. The Introduction fable provides an overview of the four styles. The next 20 fables follow the birds through a one-year period with five fables set in each season. Each of these fables includes a Chameleon Wisdom section that expands on the fables lessons and provides practical applications and scenarios for living the story's morale in one's life. These deeper insights include examples of how to employ the styles to increase effectiveness at work, deepen personal relationships, parent with compassion, and generally, live a more fulfilling life. *The Chameleon* teaches skills for understanding others, capitalizing on personal strengths, cultivating joy, and achieving success. The Epilogue fable pulls together the insights about four styles based and sets the stage for more stories about the beloved bird and chameleon characters.
