

ACT! 6 For Dummies (For Dummies (Computers))

ACT! organizes customer information in one place, providing instant access to names, phone numbers, addresses, appointments, call histories, follow-up activities, and more. Explores ACT!'s features, including a ready-to-use contact database with search capabilities; Internet links; mail, fax, and e-mail merge; synchronization with Palm OS handhelds; integration with Outlook and other popular products; report generation; and a customizable database. Latest edition of this successful title shows business professionals how to use ACT!'s new e-mail features, new active libraries, and improved Internet services and Outlook integration.
