

## Your Days are Numbered

If you think that events just happen by chance, that God does not know the future, that there is no Controller over man's affairs on Planet Earth then this book will get your thinking otherwise! Jethro Black, using English Gematria and a little Hebrew Gematria (all Hebrew words are transliterated) demonstrates that all is foreknown but freewill is given. To give a few examples: Using the simple code of A = 1, B = 2, C = 3...Z = 26 then GUY = 7 + 21 + 25 = 53, FAWKES = 65 NIGHT = 58 giving GUY FAWKES NIGHT = 53 + 65 + 58 = 176. Do the same with NOVEMBER THE FIFTH = 176. Here is a longer one: THE M 5 MULTIPLE CAR ACCIDENT KILLS SEVEN TODAY = 470 = THE SIXTH OF NOVEMBER TWO THOUSAND AND ELEVEN. Or what about this one: MICHAEL JOSEPH JACKSON IS KILLED TODAY BY HIS DOCTOR = 481 THE TWENTY FIFTH OF JUNE TWO THOUSAND AND NINE = 481 Or: VODKA KILLS AMY WINEHOUSE AGED TWENTY SEVEN = 437 JULY THE TWENTY THIRD TWENTY ELEVEN = 437 And many, many more (hundreds in fact). Hence the book is called *Your Days are Numbered*. But not only does Jethro Black look into the past and correlate events with dates but he also looks into the future and confirms predictions of others concerning events like the end of the Mayan Calendar, the Solar Flares and other events. He even gives his own prediction and date for a major terrorist attack at the London Olympics! You have been warned! The book does not end on a sad note but rather finishes off with really what will happen after the end of the Mayan Calendar. That in fact, far from being the end of the world as others would have us believe, it is indeed a transition point, and only the beginning to this transition. Mankind is about to enter into a New Age, an age of peace and love, an age when death will come to an end as

we know it and suffering will be no more. The prophecies of the Bible, of the messianic days, are upon us and now we only have to prepare to greet the Messiah. Will you do this with a sad face or a happy face? Remember, God is in control so what appears as bad is really good. We only need to be happy.
